

Can it be used in conjunction with other forms of treatment?

Yes, laser therapy is even more effective when combined with other forms of therapy, including spinal decompression, ultrasound, chiropractic, massage and soft tissue mobilization. We combine our Class IV laser therapy with specialized exercise and deep tissue massage techniques to relieve you pain fast!

What conditions can be treated with Class IV Laser therapy?

Laser therapy has shown tremendous success with a variety of conditions, including but not limited to; fibromyalgia, neuropathy, arthritis, neck pain, low back pain, hip pain, hand and foot pain, shoulder pain, tendonitis, plantar fasciitis, tennis elbow, carpal tunnel syndrome, skin conditions, migraine and inflammatory conditions.

Is it covered by medical insurance?

Generally not. Most patients who decide to receive the benefits of laser therapy are sick and tired of being sick and tired, so they choose to seek this effective method of treatment on their own.

How much do treatments cost?

The national average price for Class IV laser therapy is \$80.00 per session. We have cut that in half and set our prices at \$40.00 per treatment session so we can help as many people as possible with this amazing new treatment option. Patients can save even more money by choosing one of the packages below.

Therapeutic Deep Tissue Laser Packages

Our soft tissue healing program is based on 10 to 20 visits.

- Package of 10 Sessions: \$360 (ONE FREE SESSION)
- Package of 20 Sessions: \$680 (THREE FREE SESSIONS)
- If done session by session visits are \$40 each.

How do I know if laser therapy is right for me?

We will evaluate your condition and perform a complimentary laser therapy consultation and examination to determine if you are a candidate for this procedure. Call us to schedule your complimentary evaluation and Q&A session. The only way to know is to try a course of therapy.

Why spend one more day in pain? Call today to see if Class IV laser therapy will help you!
