Financial Contract

We are committed to providing you with the best possible care. If you have medical/chiropractic insurance, we are anxious to help you receive your maximum allowable benefits. In order to achieve these goals, we need your assistance, and understanding of our payment policy.

I understand that payment is due at the time that service is rendered unless payment arrangements have been approved in advance by our staff.

I understand that all of my insurance claims will be filed for me, unless otherwise discussed.

I understand that return checks are subject to a handling fee of \$28.00 plus reimbursement of payment.

I understand that balances over sixty (60) days old are subject to an interest fee of 0.5% per month or 6% annually.

I understand that if my balance is over sixty (60) days past due and no payment arrangements have been made with a member of the staff at Jeffers Neck & Back Pain Center, it will be considered delinquent and handed over to a collections agency.

I understand that if my balance becomes delinquent it is subject to collections fees.

We will gladly discuss any proposal and answer any questions relating to your insurance.

You must realize, however, that:

1. Your insurance is a contract between you, your employer and the insurance company. We are not a party to that contract.
2. Our fees generally fall into the acceptable range by most insurance companies, and therefore are covered up to a maximum allowance determined by each carrier. This applies only to companies who pay a percentage of "U.C.R." "U.C.R." is defined as usual, customary and reasonable for this region. Thus, our fees are considered usual and customary by most insurance companies.

*This statement does not apply to companies who reimburse on an arbitrary fee schedule, which bears no relationship to the current standard and cost of care in this area.

3. Not all services are a covered benefit in all contracts. Some insurance companies arbitrarily select certain services that they will not cover.
